RIVER AND WATERWAYS CRUISE WITH CATERING

Strolling along the rivers and waterways of St. Petersburg has long been a trademark of the Northern Capital. However, if you are planning a dinner or an evening reception during a cruise, not all the vessels offered by shipping companies will be suitable for organizing a beautiful event. Regular renovations of the interior and exterior of the ship, possibility under low waterway bridges, necessary equipment for kitchen and staff work, beautiful furniture for guests—our catering team, together with concierge service, will take all wishes into account and offer the best option for your event.
